## Home Decor

At Inditribe by Auspitality, we are dedicated to empowering rural artisans by nurturing entrepreneurship and creating sustainable livelihood opportunities. Our mission is to beautifully connect tradition with modern living by bringing thoughtfully handcrafted products into contemporary homes.

Every piece we curate is a celebration of craftsmanship, culture, and conscious living. By promoting eco-friendly home décor and lifestyle products, we strive to build a healthier future – for artisan communities, customers, and the environment alike.

Our commitment goes beyond business. We work to preserve heritage skills, support responsible production, and reduce ecological impact – ensuring that every product you choose contributes to a more meaningful and sustainable tomorrow.

# SABAI GRASS

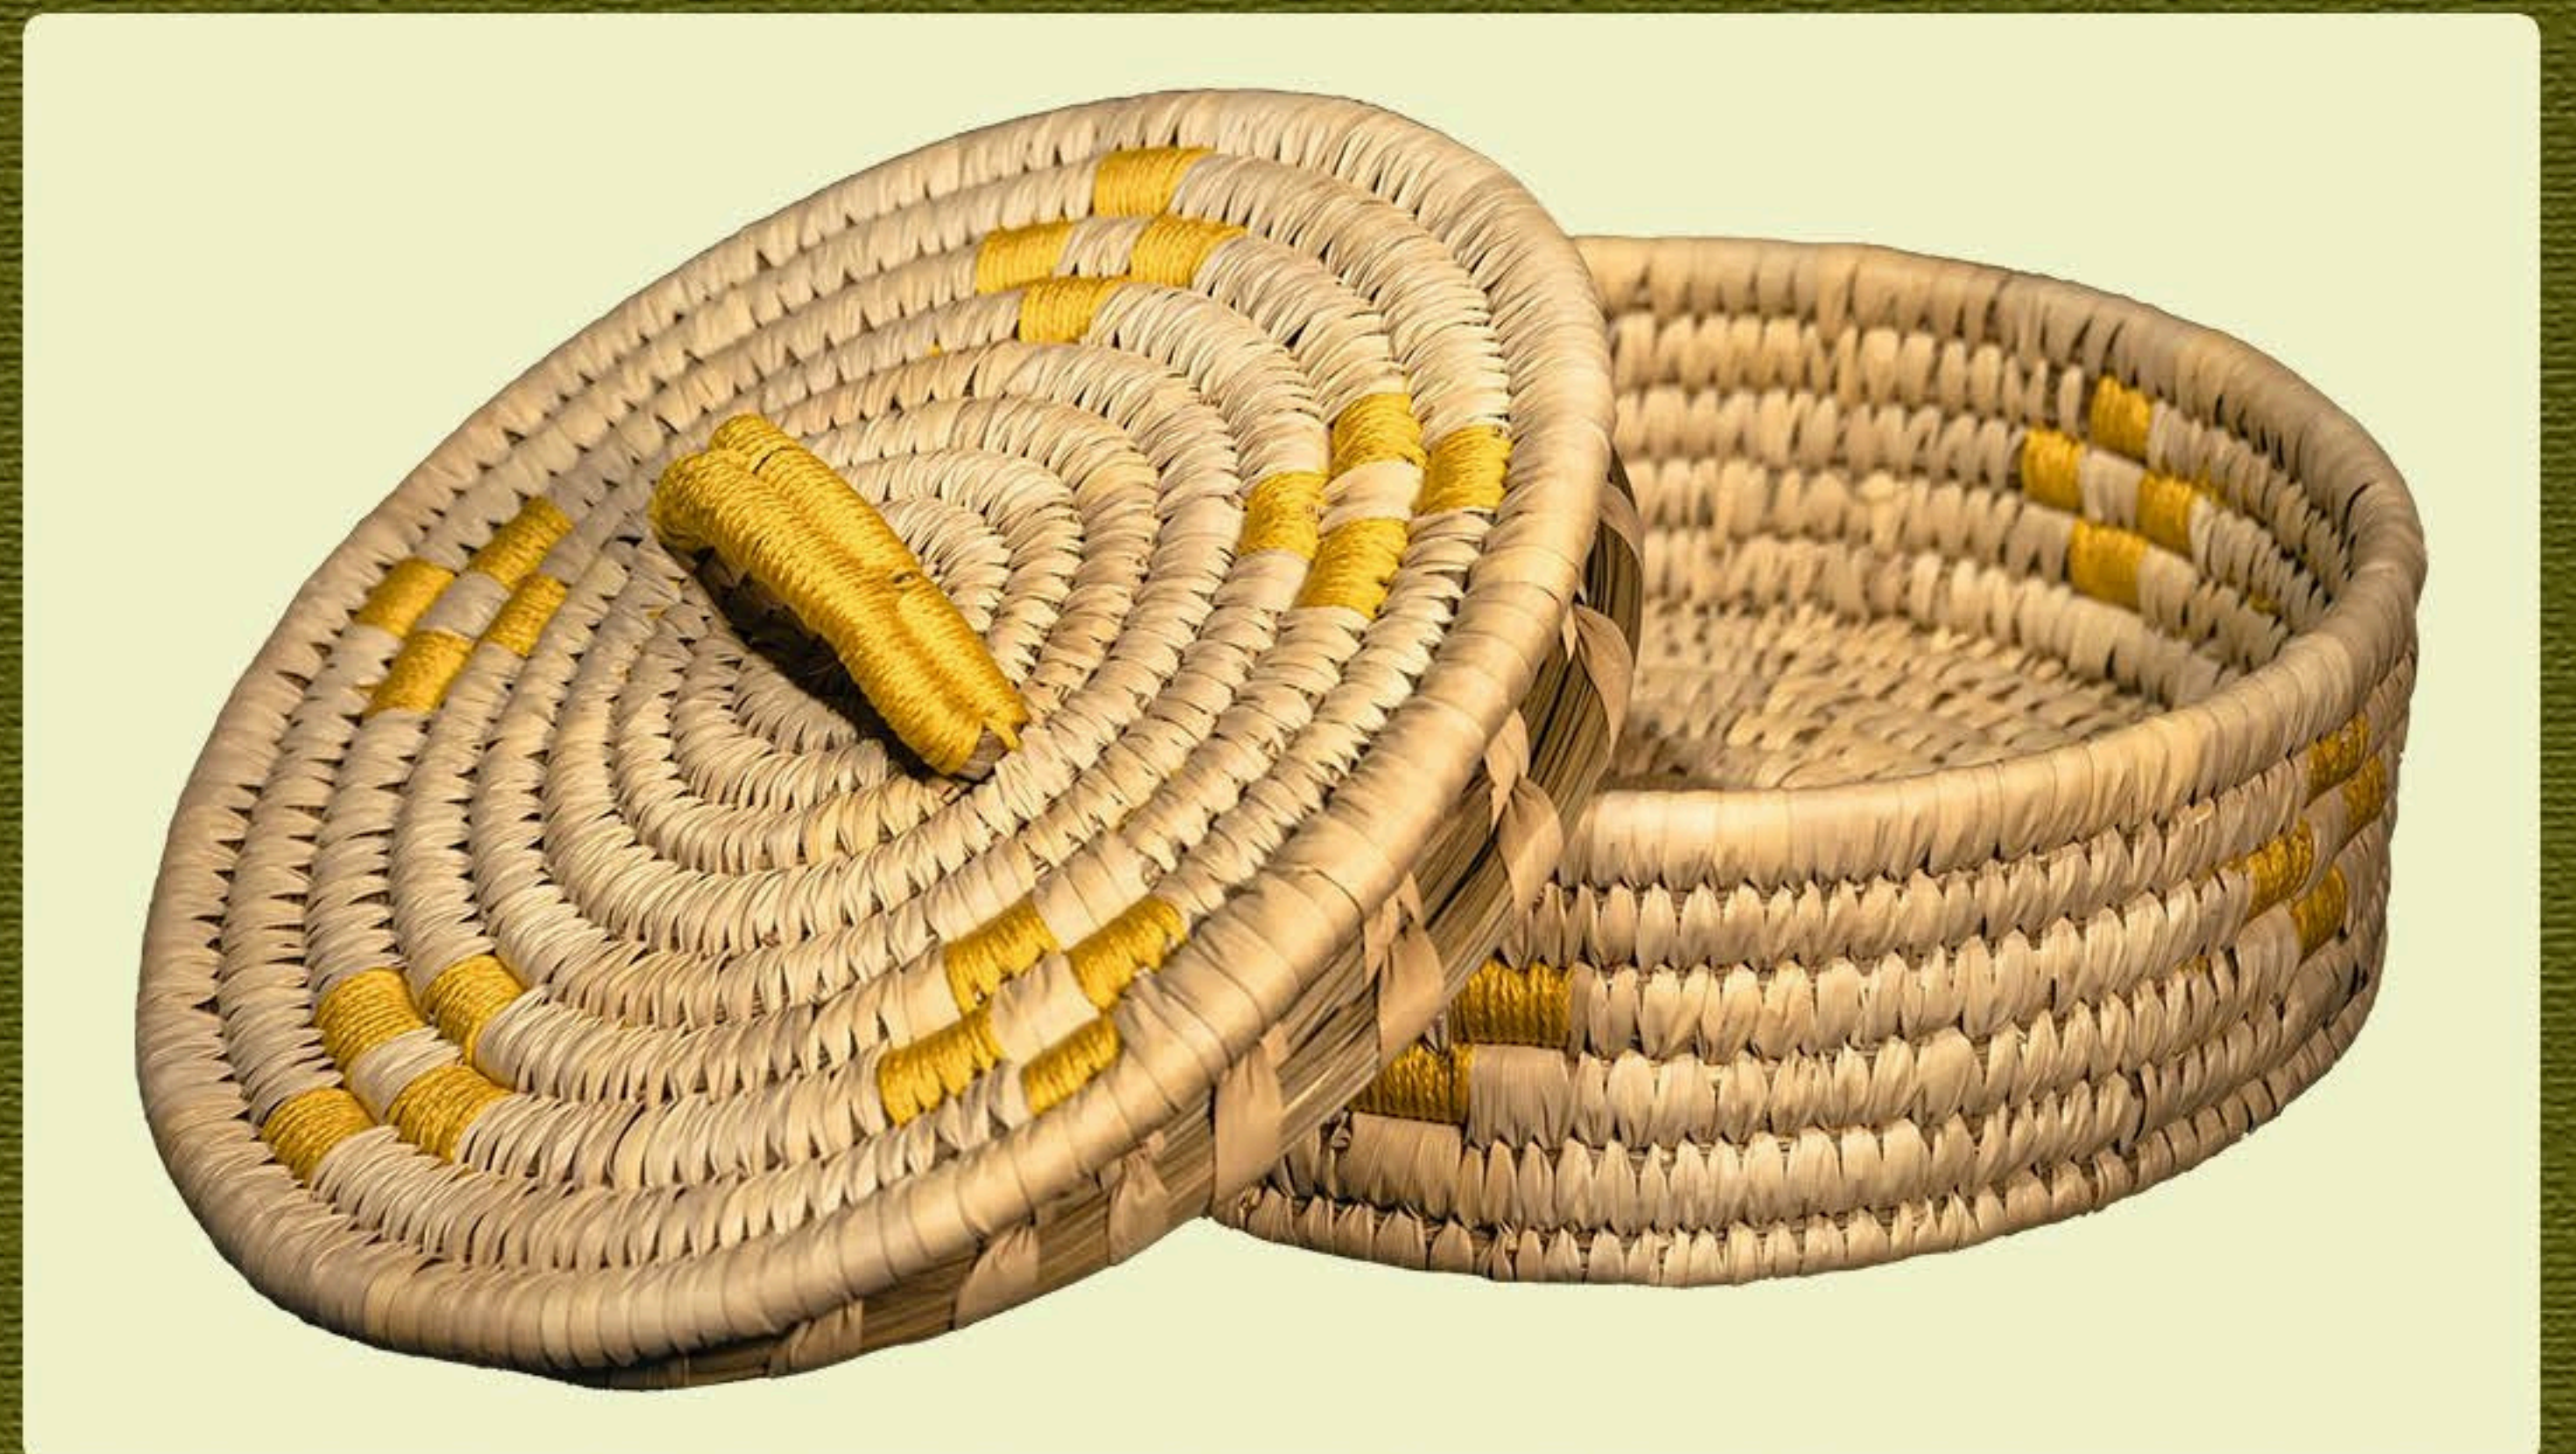

Sabai grass, native to eastern India (Odisha, West Bengal, Jharkhand), is known for its strong, flexible fibers. Traditionally used by tribal communities, it's crafted into eco-friendly products like baskets, mats, and ropes. Fast-growing and biodegradable, Sabai grass supports sustainable living and rural economies, blending tradition with modern eco-consciousness.

# DOKRA

Dokra is a traditional Indian metal craft using the lost-wax technique to create brass and bronze items. Originating in Odisha and Madhya Pradesh, artisans craft figures, and décor, each reflecting nature and folklore. Known for its rustic charm, Dokra art is valued for its handmade, timeless beauty.

# PAPER MACHE

Paper mâché is a craft made by molding paper pulp mixed with glue or starch into beautiful shapes. Originating centuries ago, it is used to create eco-friendly items like masks, sculptures, and home décor. Lightweight, sustainable, and versatile, paper mâché turns waste into art, supporting both creativity and conscious living.

# ART PLATE

Hand-painted plates are generally called decorative plates. If they're made specifically for art and not for eating, they are often referred to as wall plates, art plates, or decorative wall plates.
